Dear Kevin:

Re: Support for proposed unified zoning enabling act

I wholeheartedly support the zoning act unification process based on 35 years of working with planning and zoning efforts in the State of Michigan. With the recently enacted authorization for joint planning which will enable instances of joint zoning between various municipalities I believe it is extremely important that the State have a uniform zoning enabling act. There are many other reasons which I am sure have been communicated to you by others.

Thank you for spearheading this effort and all of your diligent work.

Yours truly,

Gerry Harsch
Director of Planning
